

Primary Candidate, Incumbent

Be-LIEVE? I believe in nothing.  
Oh I can recite our mantra: small  
government, tax cuts, etcetera

fuckin etcetera, and bash a gay  
when it becomes--Family!--  
my turn.

Not to mention torturing  
Constitution to give  
every man an AK47.

Slash spending! Unless it involves  
agencies where I place your  
retarded nephews Elmo. Just

put one in FBI. He can't tie his  
shoelace, might as well be  
a black one. Anyway,

Tea Party money pours in thus  
I've really commenced the super-  
babble.

Why is everything so funny?  
It's a gift from God!
